

New RCEP flyer: order now

Global corporations and some governments are pushing to repeat the failed TPP model in other trade agreements. First in line is the Regional Comprehensive Economic Partnership (RCEP).

AFTINET has produced a number of [online RCEP resources](#) as well as a [hard copy flyer](#) explaining the main issues in the RCEP (right).

You or your organisation can help by distributing the RCEP flyer to your members or networks.

Leaflets can be picked up for free from AFTINET's Sydney office or we can post them to you - we just ask that you pay the postage.
